

The specific contribution of UNFSS to national and regional management of VSS: Government Perspective

Mr. Leo P. Caneda, CESO III

OIC Executive Director

Bureau of Agriculture & Fisheries Product Standards (BAFPS)

+ The UNFSS Deliverables

- Analytical, empirical **and capacity-building activities**, focusing on **technical assistance needs**, impact assessment, linkages between private and public standards and **finance constraints and requirements** to inform policy development and private-sector decision making (linked with partner organizations).
- The specific objective is to **build or strengthen national capacity** for creating an appropriate enabling technical, institutional, policy and networking environment for proactive VSS implementation.

+ Using the UNFSS Platform how can it assist the ASEAN Region: Government Perspective

Good Agricultural Practices (GAP)

1. Assistance for the CLM Countries (Cambodia, Lao PDR and Myanmar) in the implementation of programs & projects identified in the Needs Assessment Study conducted under the ASEAN-Australia Development Cooperation Project (AADCP) Stream
2. Provide support for the remaining ASEAN Member States (ASEAN-7) in further narrowing the issues and concerns for alignment as identified in the same study

+ Using the UNFSS Platform how can it assist the ASEAN Region: Government Perspective

Organic Agriculture

1. Assistance to ASEAN Member States without existing National Standards for Organic Agriculture (Brunei, Cambodia, Myanmar)
2. Capacity building and advocacy activities on standards and certification for organic agriculture

+ Others may include...

- Providing information and updates to the region regarding the activities of the Forum

Maraming Salamat!
